Awards for the 2014 best neuroscientific publications

Supported by: Fondazione Neuroscienze Ticino (FNT)

Thursday, 21st May 2015

from 17h00 to 19h00

Ospedale Regionale di Lugano, Civico – Aula Magna

With the contribution of

FONDAZIONE SIR JOHN ECCLES

Fondazione
Neuroscienze
Ticino

Dear Madame, Dear Sirs,

On behalf of the organizing committee, we would like to invite to the "Lecture of the year 2015" at our Neurocenter in Lugano, Switzerland which this year will be.

The FNT (Fondazione Neuroscience Ticino) was founded in 2012 in Lugano, with the goal to promote the excellence of neuroscience in Ticino and improve patient care in neurological disorders.

The "Lecture of the Year" has been initiated in 2009 with the support of the "Sir John Eccles foundation" to demonstrate our commitment to excellence. We had the privilege to welcome researchers all over the world who make significant contribution in the field of basic and clinical neurosciences.

This year the NSI is please to honor Prof. Dr. med Habil, Tarek Yousry, Professor of Neuroradiology, Institute of Neurology London, for his outstanding contributions and pioneer work in the area of "morphological and functional neuroimaging of movement disorders".

The "NSI" is the only Neurocenter for the southern, Italian speaking part of Switzerland and includes all public institutions dealing with Neuroscience, Neurology, Neuroradiology and Neurosurgery. We are offering the complete spectrum of Neurosurgery, Neurology and Neuroradiology investigations and treatment with close collaboration with Swiss and international Universities.

Hoping to welcome you, we send you our best regards

Prof. med. Alain Kaelin
Director NSI

Prof. Michael Reinert
Chairman Neurosurgery

Dr. Alessandro Cianfoni
Responsible Neuroradiology

Dr. Paolo Maino
Responsible Neuroanaesthesia

Dr. Claudio Städler
Chairman Neurology

Program

17h00

Welcome

Prof. A. Kaelin (Director NSI),
Prof. C. Bassetti (President FNT and Eccles Foundation)

17h15

Introduction: Dr. A. Cianfoni

6th Lecture of the Year of the Neurocenter of Southern Switzerland (Fondazione Sir John Eccles)

Prof. Tarek Yousry, London (UK)
"Morphological and functional neuroimaging of movement disorders"

18h00

Introduction: Prof. A. Kaelin

Awards ceremony for best clinical and translation neuroscience publications of 2014 (Fondazione Neuroscienze Ticino)

Dr. S. Fulda (clinical neuroscience)
Dr. S. Galati (translational neuroscience)

18h30

Apero
